

ROUND SQUARE SERVICE PROJECT

(South Asia and Gulf Region)

VIDYA NIKETAN, BIRLA PUBLIC SCHOOL, PILANI

Dear Parents,

Greetings from The Sanskaar Valley School!

Round Square schools share a passion for experiential learning. Together they work hard to ensure that students have every opportunity to achieve in ways and to levels beyond their perceived limits. With the belief that learning is most effective when it is practical, cross-cultural and collaborative, and when it is infused through a broad spectrum of inter, extra and co-curricular activities, students are encouraged to discover and embrace the similarities and differences between cultures and nationalities in ways that promote meaningful and lasting understanding, tolerance and respect.

Being a proactive member of the Round Square Organization since 2009 we, at The Sanskaar Valley School, incorporate the IDEALS of the organization which include Internationalism, Democracy, Environment, Adventure, Leadership and Service in our curriculum. We encourage participation of our students in conferences, service projects and exchange programs organized by member schools within India as well as globally. The Round Square International Conference 2014 which was hosted by us was appreciated and applauded for by all the 51 schools from five continents and twenty-two different countries that attended the conference.

Endorsing the spirit of humanity and service, the round square team of BPS initiated the infrastructural development of the school for underprivileged girls and boys. This project will provide opportunities to hone the students' leadership skills through taking a turn on leading tasks and activities. Students will learn to be empathic and humane by spending time with the underprivileged students.

The 21st century youth is energetic, dynamic and full of energy; energy waiting to gush through once it finds a purpose and a cause. With a vision to see young people not as passive recipients of knowledge, rather as active co-creators of their own learning, not the products of an education system, rather valued participants in a vibrant learning community.
