

Dental hygiene workshop

A workshop on dental care and oral hygiene was conducted for the students of Class III of Prangan, the primary block of the school. Renowned dentist Dr Rachna Singhai was present at the workshop as the resource person. The aim was to teach students the importance of a healthy mouth. At this interactive workshop, students learned about the proper ways to brush and the importance of regular dental care. Students took an oath to keep their teeth and gums clean and healthy for the perfect smile.
